VZ-7D	All functions of the VZ-5F plus slide drawer at the camera head, 18x optical zoom (+ 4x digital), 3 programmable presets, IR remote with laser pointer and RS-232 control.	\$ 2,295
VZ-8 light	1-CCD 1/3" Progressive Scan Camera , 640 TV lines, smooth motion (20 fps), 24x zoom (12x optical + 2x digital), 1 picture freeze, programmable presets with RS-232 control, computer input switch, Outputs: XGA (RGBHV), USB 1.1, Firmware upgradeable!	\$ 2,918
VZ-8 plus	All functions of the VZ-8light plus Image Turn Mode, slide drawer at the camera head, 9 picture memory instead of freeze, 3 presets, IR remote control with laser pointer, additional Outputs: SXGA/XGA/SVGA (RGBHV & DVI), PAL/NTSC (Y/C, Composite).	\$ 3,650

The "Flagship" of the Portable Visualizer Series

VZ-9	Different design, all functions of the VZ-8light/VZ-8plus plus real time motion (30 fps), 48x zoom (12x optical + 4x digital), integrated LCD preview monitor, slide field with preview instead of slide drawer, Ethernet/LAN port (IP-addressable), turntable mounted, fully automatic set up, USB 2.0, upgradeable firmware also with USB 2.0 and Ethernet, table lock bolt, computer input switch with scaler function, 16:9 Widescreen outputs (HDTV 720p/1080p, WXGA, WSXGA+).	\$ 5,044
-------------	---	-----------------

Progressive Scan Stand-Alone Camera

PSM-10	1-CCD 1/3" Progressive Scan Camera with Lens , XGA non-interlaced 60/75 Hz refresh rate, 640 TV lines, up to 30 fps (real time motion - switchable) , 24x zoom (12x optical + 2x digital), IR remote with laser pointer and RS 232 control, programmable presets, positive/negative, black/white, auto focus, iris, white balance setting, freeze, 4 picture memory, 180° Image Turn Mode, 16 bit color (at all frame rates), external IR sensor, external remote control input. Firmware upgradeable. Tile bridge and plenum housing available for ceiling installation (see below).	\$ 2,445
---------------	--	-----------------

Accessory: Ceiling Tile Bridge & Plenum Housing for PSM-10

TILEBRIDGE	PSM-10 camera mount tile bridge in aluminum with white powder coat finish, incl. Plenum Housing.	\$ 154
-------------------	--	---------------

Lightbox for Portable Visualizer (not needed for transparencies)

The fluorescent backlight, called "Lightbox", is an optional accessory for x-rays (and for showing slides on the VZ-5F/VZ-7D/VZ-8light/VZ-8plus/VZ-9). The Lightbox is powered and controlled directly from the Visualizer.

LB-9	Light field 11.8" x 8.3" (300 x 210 mm)	\$ 208
-------------	---	---------------

Ceiling Visualizer

Designed with WolfVision's patented synchronized light/video field that provides accurate location of capture area, no disturbing stray light, reflection free surface, perfect illumination of any object without shadows and exceptional depth of focus. Other features include: IR remote with laser pointer, RS 232 control, automatic lamp changer, text enhancement function, programmable presets, firmware upgradeable, standard 3 year warranty.

VZ-C11	1-CCD 1/3" Progressive Scan Camera , 640 TV lines, real time motion (30 fps), 34x zoom (8.5x optical + 4x digital), 9 picture memory, Image Turn Mode, Outputs: SXGA/XGA/SVGA (RGBHV & DVI), PAL/NTSC (Y/C, Composite), USB 2.0, 16:9 widescreen support (HDTV 720p/1080p, WXGA, WSXGA+), LAN connectivity (Ethernet, IP addressable), computer input switch with scaler function.	\$ 9,979
VZ-C30	All functions of the VZ-C11 plus 3-CCD 1/3" Progressive Scan Camera (instead of 1-CCD), 1000 TV lines, 100% true colors and additional UXGA output.	\$ 16,440

NEW: As of October 2005

VZ-C12	All functions of the VZ-C11 with new lens: 64x zoom (16x optical + 4x digital) .	\$ 9,979
VZ-C32	All functions of the VZ-C30 with new lens: 64x zoom (16x optical + 4x digital) .	\$ 16,440

Lightbox for Ceiling Visualizer (not needed for transparencies)

The fluorescent backlight, called "Lightbox", is an optional accessory for x-rays. The Lightbox is powered separately from the Visualizer.

LB-38	Lightfield 16.9" x 14.1" (430 x 359 mm), super slim	\$ 616
-------	---	--------

Professional Visualizer Series

Designed with WolfVision's patented synchronized light/video field that provides accurate location of capture area, no disturbing stray light, reflection free surface, perfect illumination of any object without shadows and exceptional depth of focus. Other features include: motorized arm and top mirror, large built-in bottom light, IR remote with laser pointer, RS 232 control, automatic lamp changer, text enhancement function, programmable presets, firmware upgradeable, standard 3 year warranty.

VZ-27plus	1-CCD 1/3" Progressive Scan Camera , 640 TV lines, real time motion (30 fps), 48x zoom (12x optical + 4x digital), 9 picture memory, Image Turn Mode (820 TV lines), laser center marker, Outputs: SXGA/XGA/SVGA (RGBHV & DVI), PAL/NTSC (Y/C, Composite), USB 2.0, 16:9 Widescreen (HDTV 720p/1080p, WXGA, WSXGA+) LAN connectivity (Ethernet, IP addressable), computer input switch with scaler function.	\$ 10,079
VZ-57plus	All functions of the VZ-27plus plus 3-CCD 1/3" Progressive Scan Camera (instead of 1-CCD), 1000 TV lines, 100% true colors and additional UXGA output.	\$ 15,631
